15. To Discuss the Village Hall Accounts – this was covered in the Chairman's Report

The Tree Warden arrived at 7pm, so was given an opportunity at this point to report. Jen reported that she met with the architects at the Newhaven development site regarding the trees and reported they would be submitting a report to the Planners. She also reported being in communication with The Chair of the Village Hall concerning the Ash tree, and were awaiting the professional feedback. She had received a lot of very positive feedback from the village and had a number of trees already awaiting assessment for a TPO, but needed a couple more before the Council could be called out to evaluate.

She and her helper were looking at planting projects, which was likely to be in excess of 1,000 trees and hedging and was very exciting. She had also sourced a planting auger, which would assist in this endeavour. The Tree Council have a "Tree Week" (22-30 November) and she asked to be present at the bus stop with trees to hand out on Saturday 22nd and Saturday 30th which the Parish Council wholeheartedly agreed with. The Chair thanked her for her very informative and encouraging report.

17. To agree items for the next meeting Thursday 8 January 2026.

The chair closed the meeting at 7.40 pm and wished everyone a very Happy Christmas.
